

IVAN FELIPE ESCOBAR

Atlanta, GA, 30309 | (770) 880-4516 | IvnEscbr1989@Gmail.com

GitHub: <https://www.github.com/IvanFelipeEscobar>

LinkedIn: <https://www.linkedin.com/in/ivan-felipe-escobar>

Full Stack Web Developer with a Certificate in Full Stack Web Development from the Georgia Institute of Technology. Strong creative problem-solving skills developed over 15 years in the automotive industry, as well as competent communication skills gained from customer interaction.

Skills Summary

- Strong foundation in CSS3 (including Bootstrap, Tailwind CSS, Material UI, and Chakra UI) for crafting user-friendly interfaces.
- Well-versed in HTML5, JavaScript and typescript with familiarity in React and modern frameworks like Next.js for building dynamic web applications.
- Experience with Node.js as a runtime environment and containerization using Docker for efficient development and deployment.
- Basic understanding of deploying applications on AWS EC2
- Comfortable with bash commands and scripting
- Proficient in Git for version control and collaboration.
- Experience deploying applications on Heroku, Vercel, and Render
- Familiarity with both NoSQL (MongoDB) and SQL databases (MySQL, PostgreSQL) for flexible data storage solutions.

Education

Certificate, Full Stack Web Development – Georgia Institute of Technology – 2023

G.E.D – 2009

Projects

TomatoDuck | <https://github.com/indwomt/tomatoduck> | <https://tomatoduck.herokuapp.com/>

- Tools: Typescript, Chakra UI, MongoBb Atlas cluster, Node/Express server deployed on Render, Vite/React front end deployed on Vercel

Tech Blog | <https://github.com/IvanFelipeEscobar/Tech-Blog> |

<https://technology-blog-spot.herokuapp.com/>

- Summary: Generic blog site with user authentication and server-side rendering, bootstrap used for simplistic styling.
- Role: Sole author
- Tools: Express, Handlebars.JS, MySQL, Bootstrap, HTML, JavaScript

Experience

Maximotor

2021-Present

Shop Manager / Lead Technician

Marietta, GA

- Managed a smooth workflow by effectively communicating with customers, technicians, and vendors. Consistently met deadlines for repairs and maintenance.
- Utilized QuickBooks for comprehensive inventory management, billing, payroll, tax filing, and reporting.
- Successfully trained 4 individuals in basic automotive repair knowledge used in the automotive industry, resulting in their proficiency usually within 6 months.

Village Garage & Custom

2018-2020

Automotive Technician

Atlanta, GA

- Performed desired automotive repairs and maintenance according to customer needs.
- On older vehicles with limited parts availability had to engineer long term solutions to maintain vehicles safe to drive
- Helped design, source and implement custom modifications to customer vehicles.

(...automotive experience continues to 2007, i can provide complete history if interested)
